

URC1517 Instruction for UNIVERSAL LCD/LED TV REMOTE CONTROLLER

Thank you for using our company remote controller products. When it is the first time to put in the batteries, please try it first. If it could work well with all of its functions, the product can be used directly without setup. If it could not work well, it should be set with the following methods before controlling your TV.

Introduction: URC1517 is the newest universal LCD/LED TV remote controller. Comprehensive care at different levels need, it can control old or new TV, famous brand or un-famous brand TV, nearly all models for TV. Commonly used functions and menu button all including. Easy setup, conveniently use, it is the best choice for your remote controller losing, damage, replacement, it will bring more convenient for your life.

Battery Installation: In accordance with the "+,-" symbols which is indicated inside the battery cabinet, open the cover and put into two new AAA (AAA) batteries (non-ratoned), which is shown in the figure.

Battery Description: The remote controller is a low-power consume product. The lifetime of batteries is about 12 months under normal circumstances. If it is improperly used or operated, the lifetime would be shortened. Please do not put old and new batteries or different types of batteries together. In case of battery leakage, the batteries must be removed and the battery cabinet should be cleaned before putting into new batteries. You'd better remove the batteries from the battery cabinet if you intend to stop using the remote controller for a long time.

Methods for setting remote controller: This remote controller has the following methods for setup, you can choose any of them.

A. Inputting code: 1. Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV. Find the three digits code from the code list.

2. Press "SET" button, then press "INPUT" button, till the indicator lamp lights, then release the buttons, the remote controller will be in the state of inputting code.

3. Enter the first set of three-digit code in order. When you input each digit, the indicator lamp will flash one time, when you enter all of the three digits, the indicator lamp will turn off, setting to be finished. If the code is more than one set, please use first one at first.

4. Test other function buttons can work well or not, such as "MUTE". If not, repeat steps 2 to 3, until you find the suitable code.

B. Manually searching for the code: 1. Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV.

2. Press "SET" button, then press "INPUT" button, till the indicator lamp lights, then release the button, the remote controller will be in the state of Manually searching for the code.

3. Press the "VOLUME+" button one time, the indicator lamp will flash one time, please pay attention to your TV, see the volume symbol appears on your TV or not, if not, please repeat this procedure.

4. Till the volume symbol appears on your TV, test other function buttons (except SET, POWER, and VOLUME button) can work well or not, such as "MUTE". If not, repeat steps 2 to 3, until you find the suitable code.

C. Automatically searching code: 1. Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV.

2. Press "SET" button about 3s till the indicator lights, then release the button. Now the remote control will enter into the state of automatically searching code. Please pay attention to your TV, when the volume symbol appears on your TV, press "OK" button at once, setting is finished.

3. Test other function buttons (except SET, POWER, and VOLUME button) can work well or not, such as "MUTE". If not, repeat steps 2 to 3, until you find the suitable code.

D. Point to Point Brand Searching: 1. Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV. Find out the corresponding brand of your TV on this remote control, for example, SHARP= "1"

2. Press "SET" button, then press "INPUT" button, till the indicator lamp lights, then release the button, the remote controller will be in the state of Manually searching for the code.

3. Press the "VOLUME+" button one time, the indicator lamp will flash one time, please pay attention to your TV, see the volume symbol appears on your TV or not, if not, please repeat this procedure.

4. Till the volume symbol appears on your TV, test other function buttons (except SET, POWER, and VOLUME button) can work well or not, such as "MUTE". If not, repeat steps 2 to 3, until you find the suitable code.

E. Restore factory Settings: Press "SET" button, then press "0", release the button, the indicator will flash two times, the remote controller restore factory Settings

A. Ввод кода: 1. Включите телевизор в режиме обычного воспроизведения и направьте пульт на переднюю панель телевизора. Нажмите и удерживайте кнопку SET ("НАСТРОЙКА") в течение примерно 3 секунд, пока не загорится индикатор, затем отпустите кнопку. Пульт перейдет в режим ввода кода.

2. Нажмите кнопку SET ("НАСТРОЙКА"), затем нажмите кнопку INPUT ("ВВОД"), пока не загорится световой индикатор, после чего отпустите обе кнопки. Пульт перейдет в режим ввода кода.

3. Введите первый набор трехзначного кода, который вы нашли в списке кодов. При вводе каждой цифры световой индикатор мигнет один раз. Когда вы введете все три цифры, световой индикатор погаснет. Настройка завершена.

4. Проверьте работоспособность других функциональных кнопок (за исключением кнопок POWER ("ПИТАНИЕ") и VOLUME ("ГРОМКОСТЬ")). Если они не работают, повторите шаги 2-3, пока не найдете подходящий код.

B. Поиск кода вручную: 1. Включите телевизор в режиме обычного воспроизведения и направьте пульт на переднюю панель телевизора.

2. Нажмите кнопку SET ("НАСТРОЙКА"), затем нажмите кнопку INPUT ("ВВОД"), пока не загорится световой индикатор, после чего отпустите обе кнопки. Пульт перейдет в режим поиска кода вручную.

3. Нажмите кнопку VOL+ ("УВЕЛИЧИТЬ ГРОМКОСТЬ") один раз, индикатор мигнет один раз. Убедитесь, появляется ли на вашем телевизоре символ громкости, если нет, повторите эту операцию до появления на экране символа громкости.

4. Проверьте работоспособность других функциональных кнопок (за исключением кнопок POWER ("ПИТАНИЕ") и VOLUME ("ГРОМКОСТЬ")). Убедившись, что пульт дистанционного управления функционирует, нажмите кнопку SET ("НАСТРОЙКА"), индикатор погаснет. Настройка завершена.

C. Автоматический поиск кода: 1. Включите телевизор в режиме обычного воспроизведения и направьте пульт на переднюю панель телевизора. Нажмите и удерживайте кнопку SET ("НАСТРОЙКА") в течение примерно 3 секунд, пока не загорится индикатор, затем отпустите кнопку. Пульт перейдет в режим автоматического поиска кода.

2. Мантига presionado el botón "CONFIGURAR" durante unos 3 segundos hasta que se encienda el indicador de trabajo, luego suéltelo y el dispositivo entra en el estado de búsqueda automática. Preste atención a si el símbolo de volumen del televisor se muestra en la pantalla. Si se muestra, presione de inmediato el botón "OK" para parar la búsqueda automática.

3. Compruebe si las funciones de otros botones son normales (excepto el botón de encendido y el botón de volumen). Si no, repita los pasos 2 y 3 hasta que encuentre el código correcto.

D. Método de búsqueda de código a través de marca: 1. Encienda el televisor manualmente para ponerlo en reproducción normal y apunte el control remoto al televisor. Busque el símbolo de la marca correspondiente de la marca de su televisor, por ejemplo: SHARP = "1".

2. Mantenga presionado el botón "CONFIGURAR" durante unos 3 segundos hasta que se encienda el indicador de trabajo, luego suéltelo y el dispositivo entra en el estado de búsqueda manual.

В. Método de búsqueda manual de código: 1. Encienda el televisor manualmente para ponerlo en reproducción normal y apunte el control remoto directamente al televisor.

2. Mantenga presionado el botón "CONFIGURAR" hasta que se encienda el indicador de trabajo, luego presione el botón "ENTRADA" hasta que se encienda el indicador de trabajo, luego suéltelo y el dispositivo entra en el estado de búsqueda manual.

3. Presione el botón "Volumen +" y suéltelo. El indicador parpadeará una vez. Preste atención a si el símbolo de volumen del televisor se muestra en la pantalla. De lo contrario, repita este paso.

4. Después de que aparezca el símbolo de volumen, compruebe si las funciones de otros botones son normales (excepto el botón de encendido y el botón de volumen). Si son normales, presione el botón "CONFIGURAR" inmediatamente, el indicador se apagará, lo que indica que se completó la configuración.

E. Cómo restaurar la configuración de fábrica: Mantenga presionado el botón "SET" ("CONFIGURAR") y presione el botón "0", luego suéltelo, el indicador parpadeará cuatro veces para restaurar la configuración de fábrica.

Warm Tips: If you have any problems when you set or use this remote controller, please try to do as follows: When you set this remote controller, please do according to the steps of the method "inputting code". If it can't control your device, please input the other codes according to sequence. If you have input wrong codes, but the indicator still light, you just need to input the correct code. If the indicator turn off, you need to reset from step 1. who you use the method "Manually searching for the code", because the codes are too much, you need to wait patiently

Technical parameters: Remote Controlling Distance: About 8 meters (varies by different types); Battery Type: two pieces of AAA Batteries After-sales Service: If the remote controller has problems or could not be used temporarily, please contact our company as soon as possible. We would make efforts to offer you with best services. But do not disassemble or repair it by yourself. We would not be responsible for remote controllers that have been disassembled without authorization.

To ensure that you could enjoy good after-sales service, please keep the shopping bills or receipts when buying the product. The Company reserves the final interpretation of this specification. The design and technical parameters could be changed without notice.

Table with 10 columns: Brand, Model, Code, Brand, Model, Code, Brand, Model, Code, Brand, Model, Code. Includes brands like AKAI, AKIRA, HISENSE, BBK, AOC, BENQ, ARCLIK, BEKO, BLAUPUNKT, BRAUN, GHK.

D. Поиск марки: 1. Включите телевизор в режиме обычного воспроизведения и направьте пульт на переднюю панель телевизора. Найдите символ, соответствующий марке вашего телевизора, например: SHARP= "1".

2. Нажмите кнопку соответствующей марки и удерживайте ее в течение 3 секунд, индикатор будет мигать. Когда на вашем телевизоре появится символ громкости, отпустите кнопку. Индикатор выключится, настройка завершена.

3. Проверьте работоспособность других функциональных кнопок (за исключением кнопок POWER ("ПИТАНИЕ") и VOLUME ("ГРОМКОСТЬ")). Если они не работают в нормальном режиме, повторите шаги 2 и 3, пока не найдете подходящий код.

Список марок: Table listing various brands and their corresponding codes for manual search.

A. Método de entrada de código: 1. Encienda el televisor manualmente para ponerlo en reproducción normal, y apunte el control remoto al televisor. Encuentre el código de 3 dígitos para la marca correspondiente en la tabla de códigos.

2. Mantenga presionado el botón "CONFIGURAR" durante unos 3 segundos hasta que se encienda el indicador de trabajo, luego suéltelo y el dispositivo entra en el estado de búsqueda automática. Preste atención a si el símbolo de volumen del televisor se muestra en la pantalla. Si se muestra, presione de inmediato el botón "OK" para parar la búsqueda automática.
